Costs:

Capability	Description of Capability	Costs or Fees
§170.315(b)(10) and (d)(1)	Base licensing and subscription to the certified product includes account and providers set up, limited amount of remote training, and group configuration.	Base licensing and subscription may require a one-time fee to establish a group set up, charged per TIN. A one-time set up cost per provider may also be required, along with ongoing monthly licensing fees per provider. Groups requesting HL7/interface connection to a 3 rd party billing

		company may require one-time connection fee and on-going monthly costs to establish interface.
§170.315(b)(11)		There is no cost associated with this feature provided the group uses the Predefined CDS rules provided by the certified product. If group requires specific CDs rules, outside of those already incorporated, a one-time fee may be required to build the required rule.
§170.315(b)(1) and (2)		There is no additional cost associated with this feature provided the group uses the standard format for Direct messaging established by Promoting Interoperability requirements.
§170.315(a)(4),(6),(10), and (b)(3)	This functionality allows users to send secure electronic prescriptions. To note, this functionality is not a GEHRIMED product but supplied via a 3rd party application.	Licensing for e-prescribing requires an ongoing monthly fee per provider, per the group's discretion. It may also include one-time fees, per the group's discretion.
§170.315(d)(7)		There is no additional cost associated with this functionality.
§170.315(a)(1)-(12)		A one-time connection fee will be charged to establish connection to each 3rd party lab company. The cost of establishing these connections can be substantial and may exceed the annual licensing and subscription fee in some cases.

		This service may also require on-going Monthly fees to maintain and support connection.
§170.315(e)(1-2)		There is no additional cost associated with this functionality.
§170.315(f)(5)	This capability is achieved by leveraging Netsmart's CareConnect Inbox solution.	A CareConnect Inbox subscription is required and there is a one-time implementation fee for the capabilities.
